

# Carpenters Club Pledge Form

Your financial support of Habitat for Humanity of Greater New Haven (HfHGNNH) helps us do more than build houses. Your gift also enables us to change lives, especially the lives of children. The demand for Habitat homes in New Haven for working, low-income families has never been greater. We ask you to help us respond by joining Habitat’s Carpenters Club.

Becoming a member of the Carpenters Club is an ongoing way to support Habitat construction projects. Carpenters Club members pledge a gift for every new home that Habitat builds—typically five or six houses a year. Each time a home is completed, Carpenters Club members are asked to fulfill their pledges. Members are invited to celebrate the dedication of every new Habitat home with the homeowner’s family, friends and new neighbors, as well as Habitat staff, volunteers and supporters. A dedication is always a joyful, uplifting experience because it marks a major milestone in the lives of our partner families.

Since 1986, HfHGNNH has worked to eliminate poverty housing in New Haven one family at a time. With the support and generosity of individuals like you, we will continue to make the dream of homeownership come true for many deserving low-income families.
