HABITAT FOR HUMANITY OF GREATER NEW HAVEN, INC AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 2007 AND 2006

1. Nature of Organization and Significant Accounting Policies

Nature of Organization

Habitat for Humanity of Greater New Haven, Inc. (Habitat) is a tax-exempt not-for-profit organization, incorporated in the State of Connecticut in 1986. Habitat is an affiliate of Habitat for Humanity International, Inc., a nondenominational Christian not-for-profit organization with affiliates worldwide that seeks to eliminate poverty housing and homelessness, and to make decent shelter a matter of conscience and action. Although Habitat for Humanity International assists with informational and fiscal resources, Habitat is primarily responsible for its own operations.

Habitat builds and renovates affordable homes in the Greater New Haven, Connecticut area, through volunteer labor and with the assistance of the future low income homeowner families. Future homeowners are required to contribute four hundred hours of their own labor into the building of their house as well as the houses of others. Habitat houses are sold to low income families at below cost, and financed by Habitat with no interest over twenty to thirty year terms. Habitat's program is funded through contributions, grants, and in-kind donations, from individuals, foundations, corporations, public agencies and religious organizations.

Principles of Consolidation

The accompanying consolidated financial statements include the accounts of Habitat for Humanity of Greater New Haven, Inc., and its wholly owned subsidiary, 37 Union Ave., LLC. Habitat is the sole member of 37 Union Ave., LLC which was formed in October 2003 to acquire real property and lease it back to Habitat as office space. All material transactions and balances between the entities have been eliminated in the consolidation.

Basis of Accounting

Habitat prepares its consolidated financial statements on the accrual basis of accounting in accordance with accounting principals generally accepted in the United States of America. Under this basis, revenues are recognized when earned and expenses are recognized when the obligation is incurred.

Financial Statement Presentation

Habitat follows the recommendations of the Financial Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations*. Under SFAS No. 117, Habitat is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted net assets.

Cash and Cash Equivalents

Habitat considers all highly liquid investments with an original maturity of three months or less to be cash equivalents.

Habitat maintains deposits which may at times be in excess of the financial institution's insurance limits. Habitat deposits its cash with substantial financial institutions and believes such deposits are not subject to significant credit risk.

HABITAT FOR HUMANITY OF GREATER NEW HAVEN, INC AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 2007 AND 2006

Mortgages Receivable

Mortgages receivable consist of non interest bearing mortgages, secured by real estate and payable in monthly installments over twenty to thirty year terms. The mortgages are discounted based upon prevailing market rates for low income housing at the inception of the mortgages. The discount is amortized on a straight-line basis over the term of the mortgage.

Because mortgages receivable are secured by real estate, and ultimately through the process of foreclosure, management believes that procedures will result in collection. Accordingly, no allowance for uncollectible accounts has been provided.

Building Inventory

Contributed inventory is recorded at fair market value on the date of receipt. Purchased inventory is recorded at the lower of cost or market determined by the specific identification method.

Construction in Progress

Construction in progress consists of the direct costs of acquiring land and property, holding costs, and construction and rehabilitation costs. When the corresponding homes are completed and transferred to homeowners these costs are expensed.

Properties Held for Sale

Donated properties not intended for building are recorded at fair market value at the time of donation as properties held for sale. Occasionally Habitat receives or repossesses title to previously transferred homes. At the time of acquisition Habitat records the gross mortgage balance as properties held for sale and the corresponding unamortized mortgage discount is recorded as a gain. Any legal or holding costs associated with properties held for sale are capitalized.

Property and Equipment

Equipment purchased or contributed in excess of \$500 is capitalized. Equipment is recorded at cost if purchased and if contributed, at fair market value on the contribution date. Depreciation is computed on a straight-line basis over the following useful lives:

Building and improvements	40 years
Vehicle and office and construction equipment	5 to 10 years

Net Assets

Habitat classifies its net assets, revenues and gains, and expenses as unrestricted or temporarily restricted on the absence or existence of donor-imposed restrictions. These classifications are defined as follows:

Unrestricted net assets represent available resources other than donor-restricted contributions.

Temporarily restricted net assets represent contributions that are restricted by the donor either as to purpose or as to time of expenditure.

HABITAT FOR HUMANITY OF GREATER NEW HAVEN, INC AND SUBSIDIARY
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 2007 AND 2006

Grants

Entitlement to cost or performance based reimbursement grants is conditioned on the expenditure of funds or attainment of specific performance goals in accordance with the grant restrictions and, therefore, Habitat recognizes revenue to the extent of grant expenditures or performance achieved.

Contributed Services and Materials

Habitat recognizes contributed services if they require specialized skills and would typically be purchased if not provided by donation. For the years ended December 31, 2007 and 2006, Habitat valued contributed services at \$49,526 and \$28,183, respectively, and contributed materials at \$105,970 and \$47,229, respectively. Although a substantial number of volunteers have made significant contributions of their time, their services do not meet these criteria and are not recorded in the consolidated financial statements.

Contributions

Unrestricted and unconditional contributions are recognized when received or pledged, if applicable. Contributions are reported as temporarily restricted if they are received with donor stipulations that limit the use of such assets. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the consolidated statement of activities and changes in net assets as net assets released from restrictions. Habitat's policy is to present temporarily restricted net assets received during the year whose restrictions are met during the current year as unrestricted net assets.

Habitat recognizes the expiration of donor restrictions on contributions of property and equipment or cash contributions restricted for property and equipment in the year the property and equipment is placed in service.

Contributions are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using a risk-free interest rate applicable to the year in which the promise is received. Amortization of the discount is included in contribution revenues.

Transfers to Homeowners

Transfers to homeowners are recorded at the sales price of the home at closing. Habitat executes a Declaration of Resale Restrictions and a Quit-Claim Deed with each homeowner. These documents are attached to the land records.

Functional Allocation of Expenses

The costs of providing programs and other activities have been summarized on a functional basis in the consolidated statement of activities and changes in net assets. Certain costs have been allocated among the programs and supporting services benefitted.

DECEMBER 2007 AND 2006

Reclassifications

Certain amounts as previously reported have been reclassified in order to be consistent with the current year presentations.

Use of Estimates

Accounting principles generally accepted in the United States require management to make estimates and assumptions in preparing the consolidated financial statements. Actual results could vary from those estimates.

Income Taxes

Habitat is a not-for-profit organization operating under section 501(c)(3) of the Internal Revenue Code, and is generally exempt from federal, state and local taxes and, accordingly, no provision for income tax is recorded in the financial statements. 37 Union Ave., LLC is a single member Limited Liability Company and is considered a disregarded entity for income tax purposes.

Internal Control Over Compliance

The management Habitat for Humanity of Greater New Haven, Inc. is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to the City of New Haven's Community Development Block Grant program. In planning and performing our audit, we considered Habitat for Humanity of Greater New Haven, Inc.'s internal control over compliance with requirements that could have a direct and material effect on the City of New Haven's Community Development Block Grant program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Habitat for Humanity of Greater New Haven, Inc.'s internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of the City of New Haven's Community Development Block Grant program on a timely basis. A significant deficiency is a control deficiency, or a combination of control deficiencies, that adversely affects the entity's ability to administer the City of New Haven's Community Development Block Grant program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of the City of New Haven's Community Development Block Grant program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of the City of New Haven's Community Development Block Grant program will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

The report is intended solely for the information and use of the board of directors and management of the Organization, and the City of New Haven and is not intended to be and should not be used by anyone other than these specified parties.
